

## PROGUARD PREMIUM GROUND PROTECTION MAT

Product Code	Pricing Unit	Colour	Dimensions	Thickness	Pack Quantity	Pallet Quantity
PGM9	Each	Black	2.4M x 1.2M	10mm	1	50

### Product Description:

Proguard Premium Ground Protection Mats are manufactured from durable 100% recycled LDPE with a tread plate pattern on one side. They incorporate two lifting handles on each end to facilitate easy lifting, and a connecting hole in each corner which is compatible with our 2- and 4-way connectors and U Pin connectors. When combined with the low weight of 22kg per mat this makes the mat extremely versatile.

These mats are ideal for creating walkways and access routes for smaller plant, equipment & vehicles.

Proguard Premium Ground Protection Mat can handle loads of up to 10 tonnes depending on ground conditions underneath.

### Benefits:

- 100% recycled material.
- Connection hole in each corner.
- Lightweight for manual handling with 2 people
- Prevents environmental and property damage.
- Prevents vehicles from becoming bogged.
- Allows easier access in poor ground conditions.
- Flexible to conform to ground contours.
- Lower weight = lower transport & handling costs.

### Limitations:

- Not suitable for larger loads.

### Application:

Scope out the area/route you will be laying the mats on and remove any large obstacles such as protruding rocks, lay the mats next to each other over the area. Mats can be joined using either 2-way connectors, 4-way connectors or U-Pins depending on preference and site requirements.

### Performance Data:

Dimensions	2.4m x 1.2m
Thickness	10mm
Basic Component	100% recycled LDPE.
Max Bearing Load (tonnes)	10
Hand Holds	4
Connection Holes	4
Weight (Kg)	22
