

WOVEN POLYPROPYLENE FR (NON-CERT) FLOOR PROTECTION

Product Code	Pricing Unit	Colour	Dimensions	Thickness	Pack Quantity	Pallet Quantity
PRPSF69	EACH	White	2m x 50m	90gsm	4	30

Product Description:

Proguard Woven Polypropylene sheeting is used to protect large surface areas quickly providing quick and efficient floor protection. The slip-proof and waterproof material is ideal for vinyl and carpet protection and performs effectively over the life of a project.

Proguard Woven Polypropylene sheeting is also used in vertical applications for temporary screening in conjunction with our EaziScreen system.

Benefits:

- 100% waterproof.
- 2m wide rolls to cover large areas quickly and efficiently.
- Can be cut with a knife.
- Highly tear resistant.

Limitations:

- Not certified fire-retardant.
- Product may become slippery when wet. Mop up any spills immediately or replace where necessary.

Application:

Ensure surfaces onto which Proguard Woven Polypropylene is to be laid are free from loose rubble. Beginning from the corner of the room roll the woven polypropylene out in front of you using Proguard Cloth Tape on any joints if required. Use Proguard Low Tack PVC tape when adhering to sensitive surfaces such as marble and glass. To ensure a completely residue-free removal we recommend using Proguard Ultra Low Tack tape.
