

CARD CORNER PROTECTOR

Product Code	Pricing Unit	Colour	Dimensions	Thickness	Pack Quantity	Pallet Quantity
PECC1	EACH	Brown	2m x 50mm x 50mm	4mm	10	500

Product Description:

Proguard Card Corner Protectors are manufactured from a hard-wearing solid cardboard to provide a robust protection for exposed corners on a construction site.

The L-profile lengths can be used on any right angle corner which requires protection, including plasterboard corners and stair treads. This product can be left in place for the duration of the construction or refurbishment project.

Proguard Cardboard Corner Protectors are extremely hard wearing and can be reused numerous times making it a cost-effective and sustainable temporary door protection solution.

Benefits:

- Extra thick edge protection.
- Lightweight and versatile.
- Simple to fit and remove.
- Can be cut to size with a knife.
- Reusable.
- Fits any 90° angle.

Limitations:

- The edge protectors are manufactured from solid card which does not absorb the impact as much as the *Foam Corner Protector*.
- Proguard Cardboard Edge Protectors are not fire-retardant.

Application:

Place the edge protector on the corner/edge which requires protection and cut to size if necessary. Secure with *Proguard Low Tack Tape* or *Proguard Ultra Low Tack Tape* depending on the sensitivity of the surface to which it is being fixed.
